

Public Water Supply District No. 10 of Boone County, MO  
PO Box J, Centralia, MO 65240  
Phone: 573-682-5314 Fax: 573-682-5353

---

**LEAD FREE AGREEMENT**

**Date:** \_\_\_\_\_ **Account #** \_\_\_\_\_

I, \_\_\_\_\_, have used LEAD FREE materials in our plumbing system.

**DEFINATION OF LEAD FREE** as follow:

1. When used with respect to solders and flux refers to solder & flux containing not more than 0.2 percent lead.
2. When used with respect to pipes and pipe fittings refers to pipes and pipe fittings containing not more than 0.25 percent lead.

I also understand any plumbing system constructed after January 1, 2014 which is found to contain lead based materials **may not** be connect to a Public Water System.

New buildings or new homes including mobile homes, maybe prevented from connecting to the Public Water District #10 Water System if lead solder or flux has been used.

THIS DEPARTMENT OR ENVIRONMENT PROTECTION AGENCY RULE IS SUBJECT TO TEST.
